Paid for By Nick Reinecker for Kansas Governor, Katy Reinecker Treasurer

Why Nick?

Kansas is a free, independent and sovereign state that should only allow the federal government supremacy as it pertains to the few and defined enumerated powers given it by our founders through the Constitution of the United States and in the spirit of the Declaration of Independence. As we celebrate 250 years of this compact hopefully with the intention to have another 250 years of providential protection, we must return to the founding principles that make us blessed and therefore great.

My goal as Governor is to serve the people of Kansas and follow our agreed upon rules of individual freedom, limited government, state's rights and traditional values, please vote Republican Nick and Katy Reinecker for Kansas Governor/Lt. Governor on August 4th.

Nick Who?

I was born in McPherson and currently live in Inman, with Katy my wife of 25 years and running mate, as the nuclear option for the Kansas Governor Republican Primary. I have been an EMT, firefighter, police officer, C.N.A. and for the last 18 years, manager of the Inman Harvest Café.

Katy and I raised two children in our home and at the café where Coleson and Nathan's best friends growing up was the coffee crowd made up of farmers, retired businessmen, widows and other members of the greatest generation.

After prayerful consideration and the frustration of paying over 16 percent of the café's income to taxes without constitutional and Kansas Republican Party platform representation in the spirit of the Declaration of Independence, we decided to run as the Kansas Underdog to replace the current administration on the second floor of the people's house in Topeka. I spent 15 years advocating for constitutional application of state government, testifying on over 50 bills and have not found any relief. It is time to take it to another level.

Hunger for Purpose

There is a hunger for authenticity, accountability and compassion in Kansas, an insatiable appetite for meaning and purpose beyond that of being slaves to tyrants or bullies, slaves to vice and/or slaves to bad economics forced upon them by greedy and unprincipled practi-

tioners of the art of politics. I intend to feed that hunger with consistent constitutionally conservative principles that puts God, the family and the individual above government, above the state and above the whims of a two-party system.

We also must responsibly grow the Republican party and get back to our roots of proper government that is of, for, and by the people of Kansas. We must do this through principle and virtue that builds trust in the little liberty issues as well as the big three; Life, Family, Faith. The time is now. My name is Nick Reinecker, the Kansas Underdog, and I want to serve you, the Kansas people as governor. A governor that will defend your natural God-given rights and defend you from any threat to your life and liberty both outside the state and from within.

Founder's Perspective

I am the only Republican candidate that will push to de-schedule cannabis aka marijuana and/or hemp and eliminate criminal penalties regarding the possession and planting thereof. It is also my intention to make the possession of any substance in the Kansas Controlled Substances Act a Level 3 felony that will bring with it a presumptive prison sentence. This means that if you are in possession of fentanyl, cocaine, methamphetamine, heroin, ecstasy or any other controlled substance, plan on going to prison not treatment. I fully stand on The Kansas Republican Party platform, and will always have a watchful eye for Marxist ideology that must be neutralized.
